EXPLANATORY STATEMENT

(Pursuant to Regulation 36(5) of SEBI (Listing Obligation and Disclosure Requirements) Regulation 2015 and Section 102 of the Companies Act, 2013)

Item 4, 5, 6 & 7:

As per the provisions of Section 188 of the Companies Act, 2013 (“Act”), transactions with related parties which are on an arm’s length basis and in the ordinary course of business, are exempted from the obligation of obtaining prior approval of members. However, as per the provisions of Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), such transactions, if material, requires the approval of members through a resolution, notwithstanding the fact that the same are on an arm’s length basis and in the ordinary course of business. With effect from 1st April, 2022, Regulation 23 of SEBI Listing Regulations, 2015 mandates prior approval of the members through ordinary resolution for all ‘Material Related Party Transactions. For this purpose, a Related Party Transaction will be considered ‘material’ if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year exceeds Rs. 1,000 Crore or 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower.

The Company had in the past provided a similar loan facility in favour of the related parties with the approval of the audit committee and the Board. However, as Company is proposing to enter certain business transactions with the following related parties during Financial Year 2026 - 2027 which are estimated to exceed the revised threshold limit of material related party transactions within the meaning of amended Regulation 23(1) of the Listing Regulations w.e.f. 1st April, 2022 i.e. 10% of the annual consolidated turnover prior approval of the members is required for transaction as provided hereunder.

Sr. No.	Name of the Related Parties	Nature of transactions
1.	Minal Infojewels Limited	Loan to Associates Company
2.	Minal Infojewels Limited	Sales of goods services
3.	Selection Inc, USA	Sale, purchase or supply of finished goods, raw materials, or other materials and availing or rendering of any services.
4.	M/S RSBL Jewels Partnership Firm	Loan(s)/ advance(s), guarantee(s)/ investment or security(ies)

The Company has in place a balanced and structured policy and process for approval of Related Party Transactions. The Policy provides the details required to be provided to the Audit Committee for the purpose of review of such transactions and grant their approval for the proposed transactions. A justification for each and every related party transaction is provided to the Audit Committee which enables them to arrive at the right decisions. Additionally an update on the actual related party transactions entered during every quarter is provided to the Audit Committee. Approval of the Members of the Company is therefore required for item no. 4, 5, 6 & 7 respectively in terms of Regulation 23 of the SEBI Listing Regulations by way of passing of an Ordinary Resolutions for approval to the aforesaid Material Related Party Transactions to be entered for Financial Year 2026-2027. The Audit Committee, comprising of all the independent directors, of the Company has granted omnibus approval to the related party transactions entered/proposed to be entered into by the Company in the financial year 2026-27. Since all the transactions between the Company and the parties as provided in the table above will be entered in the ordinary course of business and at arms' length basis, the provisions of Sec 188 (1) of the Companies Act, 2013 and the Rules made thereunder are not applicable on transactions between these entities.

In the financial year 2026 - 2027, the aforesaid transactions in aggregate at individual level are expected to exceed 10% of the annual consolidated turnover, these transactions are therefore considered as material related party transactions as per Listing Regulations. Thus in terms of Regulation 23 of Listing Regulations, the approval of members is required for the aforementioned material related party transactions entered /to be entered between the Company and the parties as provided in table above from 01st April, 2026 till 31st March, 2027.

Further, pursuant to Regulation 23(7) of Listing Regulations, in respect of voting on this resolution, all the related parties shall abstain from voting, irrespective of whether the entity or person is a party to the particular transaction or not.

Accordingly, the Board of Directors recommends the resolution given at Item nos. 4, 5, 6 & 7 respectively of this Notice for your approval as an Ordinary Resolutions.

Nature of Concern or Interest of Directors:

None of the directors and/or key managerial personnel of the Company and their relatives, are concerned or interested, financially or otherwise, in said resolution, except to the extent of the securities that may be subscribed by them or by companies/firms/institutions in which they are interested as director or member or otherwise.

The Members may please note that in terms of the provisions of the SEBI Listing Regulations, 2015 and the Companies Act, 2013 the related parties as defined thereunder (whether such related party(ies) is a party to the aforesaid transactions or not), shall not vote to approve resolutions under this Item Nos. 4, 5, 6 & 7.

Item No. 8:

The Securities and Exchange Board of India (SEBI) vide its Notification dated 12 December, 2024, has made several changes in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”). As per requirements of amended provisions of Regulation 24A of the SEBI Listing Regulations read with the provisions of Section 204 of the Companies Act, 2013 (‘the Act’) and related Rules, the Board of Directors of the Company, based on the recommendation of the Audit Committee, has recommended appointment of M/s. HSPN & Associates LLP, (Peer Review No. 6035/2024, FRN: L2021MH011400) Practising Company Secretaries, as the Secretarial Auditors of the Company for a term of 5 (five) consecutive years commencing from 01st April, 2025 upto 31st March, 2030. The proposed fee to be paid to M/s. HSPN & Associates LLP is set at Rs. 2,00,000/- (Rupees Two Lakhs only) plus applicable taxes and others and increase, if any will be determined by the Board of Directors of the Company in consultation with the said Secretarial Auditors and as per the recommendations of the Audit Committee. M/s. HSPN & Associates LLP is a reputed firm of Practising Company Secretaries with 30 years of firm experience. The firm has a diverse clientele across several industries. Their audit approach and fee structure have been evaluated and found to be appropriate, aligning well with the Company’s requirements. M/s. HSPN & Associates LLP have consented to act as Secretarial Auditor and have furnished a certificate confirming that that they are not disqualified to be appointed as Secretarial Auditor under the provisions of the Act and SEBI Listing Regulations read with SEBI Circular dated 31st December 2024. The Board commends the Ordinary Resolution at Item No. 8 of the Notice for approval by the Members. None of the Directors or Key Managerial Personnel of the Company or their respective relatives are concerned or interested in the Resolution at Item No. 8 of the accompanying Notice.

ANNEXURE – E TO DIRECTOR’S REPORT**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****A. OVERALL REVIEW:**

Although the COVID-19 pandemic has officially subsided, its residual effects continue to influence the Company’s operational and financial performance. The prolonged disruption in supply chains, shifts in consumer behavior, and sectoral volatility have posed challenges to full recovery. The Company remains focused on strategic realignment, cost optimization, and market re-engagement initiatives to restore pre-pandemic growth levels. Management is actively pursuing new opportunities and recalibrating business models to adapt to the evolving economic landscape. The overall performance of diamond industry is badly affected due to lower realization both in export and domestic market. Disturbed power supply and skilled labour shortage in the region has worsened the position.

B. INDUSTRY STRUCTURE AND DEVELOPMENT:

While the industry has seen an impressive recovery from the lows of the pandemic, the report still notes that production is not likely to reach pre-pandemic levels within the next five years, with miners and operators still cautious of potential new virus strains that could once again disrupt production and logistics.

**C. OPPORTUNITIES AND THREATS:**

One of the most growing sub-sector is that of lab-grown diamonds, emerging as a more affordable and tech-driven alternative that also offers the possibility of creating diamonds using solely renewable energy. These increasingly popular gems are ‘grown’ inside a lab using technology to replicate the natural diamond development process. For the first time in several years, there was no shortage in diamond financing. With more liquidity, midstream players moved to cash sales and decreased their reliance on bank loans, reinvesting their profits into the business.

D. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has a well-established framework of internal controls in all areas of its operations, including suitable monitoring procedures and competent and qualified personnel. In addition to statutory audit, the financial controls of the Company at various locations are reviewed by the Internal Auditors, who report their findings to the Audit Committee of the Board. The Audit Committee is headed by an Independent Director and this ensures independence of function and transparency of the process of supervision and oversight. The Committee meets to review the progress of the internal audit initiatives, significant audit observations and planning and implementation of follow up action required. The Company conducts its business with integrity and high standard of ethical behavior and in compliance with the laws and regulations that govern its business.

E. HUMAN RESOURCES POLICIES:

Your Company considers its human resources as its most valuable assets, among all other assets of the Company. It has been the policy of the Company to actuate the talent by providing opportunities to develop themselves within the organization. The Company continued to have maintained very cordial & harmonious relations with its employees.

F. CAUTIONARY STATEMENT:

Statements in this report on Management Discussion and Analysis, describing the Company's objectives, projections, estimates, expectations or predictions may be forward looking, considering the applicable laws and regulations. These statements are based on certain assumptions and expectation of future events. Actual results could, however, differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include global and domestic demand-supply conditions, finished goods prices, raw materials costs and availability, fluctuations in exchange rates, changes in Government regulations and tax structure, economic developments within India and the countries with which the Company has business contacts.

The Company assumes no responsibility in respect of the forward-looking statements herein, which may undergo changes in future on the basis of subsequent developments, information or events.

Pursuant to the provisions of the Act and the applicable provisions of the Listing Regulations, the Annual Performance Evaluation was carried out for the financial year 2024 - 25 by the Board in respect of its own performance, the Directors individually as well as the evaluation of the working of its Audit, Nomination and Remuneration, Stakeholders' Relationship Committee. A structured questionnaire covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, board culture, execution and performance of specific duties, obligations and governance was prepared after taking into consideration the Guidance note issued by SEBI vide circular no. SEBI/HO/CFD/CMD/CIR/P/2017/004 dated 5th January, 2017 such as preparation, participation, conduct and effectiveness. All the Independent Directors fulfil the criteria of independence and they are independent from the management. The performance evaluation of Independent Directors was done by the entire Board and during the evaluation, the Director(s) who is subject to evaluation did not participate. A separate exercise was carried out to evaluate the performance of individual Directors including the Chairman of the Board who were evaluated on parameters such as guidance/ support to management outside Board/ Committee meetings, degree of fulfilment of key responsibilities, effectiveness of meetings, etc. The Directors expressed their satisfaction with the evaluation process.

E. REMUNERATION POLICY:

Remuneration policy of the Company is designed to create a high-performance culture. It enables the Company to attract, retain and motivate employees to achieve results. Our business model promotes customer centricity and requires employee mobility to address project needs. The remuneration policy supports such mobility through pay models that are compliant to local regulations. The remuneration structure is tailored to the regulations, practices and benchmarks prevalent in the industry.

The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component) and commission (variable component) to its managing director and the executive directors.

NRC decides on the commission payable to the managing director and the executive directors out of the profits for the financial year and within the ceilings prescribed under the Act based on the performance of the Company as well as that of the managing director and each executive director. The Nomination and Remuneration Policy devised in accordance with Section 178(3) and (4) of the Act is available at the website of the Company at www.minalindustrieslimited.in

Independent Auditors' Report

To the Members of Minal Industries Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Minal Industries Limited** ("the Company"), which comprise the balance sheet as at March 31, 2025, the statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act"), as amended, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under sub-section (10) of Section 143 of the Act. Our responsibilities under those SAs are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Material uncertainty related to going concern

We draw attention to Note No. 42 of the standalone financial statement which explains that the Company has incurred total accumulated loss of Rs. 2147.43 lakhs for the year ended March 31, 2025 and Rs. 2035.90 lakhs for the year ended March 31, 2024. However, the Company financial result has been prepared on a going concern basis. The appropriateness of the said basis is subject to the Company adhering to its continued efforts to strengthen its strategy, to expand its market, to increase its sales and eventually generate profit and availability of financial support from its promoters. Accordingly, the standalone financial statements of the Company have been prepared on a going concern basis.

Our opinion is not modified in respect of the above matter.

Emphasis of Matter

- a. We draw attention to Note No. 35.2 of the standalone financial statement which explains that interest income for the year ended 31st March 2025, has not been accrued for loan given to the subsidiary Minal Infojewels Limited since uncertainty exists for interest already accrued and pending realization till 31st March 2025 due to accumulated losses of the Subsidiary and have expressed its inability to pay interest till its financial condition improves. As explained to us, the management is in the process of identification of growth opportunities for the Subsidiary which will ultimately allow the Company to realise the aggregate interest and loan amount outstanding as at 31st March 2025.
- b. We draw attention to Note No 35.3 of the standalone financial statement which explains that the Company wholly-owned overseas subsidiary, Minal International FZE on February 10, 2025 wound up its business and formal winding-up process has been initiated and its commercial license has expired on that date. Based on the audited financial statements of the subsidiary dated February 10, 2025, which reflect accumulated losses eroding the entire capital, the Company has written off the full amount of its investment of Rs. 18.37 lakhs and loan receivable (including interest) of Rs. 390.61 lakhs during the current financial year, total write off amounting to Rs. 408.99 lakhs. Further in the year ended March 31, 2024, the company had reassessed the recoverability of the loan given to and interest receivable and investment made in wholly owned overseas subsidiary and recognised an impairment provision of Rs 408.99 lakhs which had been disclosed as an exceptional item and hence there is no impact on profit and loss account in the current financial year.
- c. We draw attention to Note No 35.4 of the standalone financial statement which explains that the Company's Managing Director of the Company, Shri Shrikant Parikh, has filed a petition before the National Company Law Tribunal (NCLT) under Section 59 of the Companies Act, 2013 against Mr. Mahendra Shah and Mr. Champaklal Mehta and Share transfer agent M/s MCS Share Transfer Agent Limited. The petition pertains to a dispute regarding ownership of equity shares of the Company. The matter is currently going on and no final order has been passed by the NCLT as of the reporting date. Based on the current status of the proceedings and legal advice received, the Company does not expect any financial implication as on date.

Our opinion is not modified in respect of the above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly,

our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
Valuation of Inventories (as described in note no. 1.1(IX) of the significant accounting policies, and note no. 6 for details in standalone financial statements)	
<p>The Company held Rs. 944.79 Lakhs of inventories as on March 31, 2025. Considering the primary nature of business, reduction in volume of operations and the size of the inventory balance relative to the total assets of the Company and the estimates and judgements described below, the valuation of inventory required significant audit attention.</p> <p>As disclosed in note 6 inventories are held at the lower of cost or net realisable value. At year end, the valuation of inventory is reviewed by management and the cost of inventory is reduced where inventory is forecast to be sold below cost.</p> <p>The determination of whether inventory will be realised for a value less than cost requires management to exercise judgement and apply assumptions. Management undertake the following procedures for determining the level of write down required:</p> <ul style="list-style-type: none"> - Use inventory ageing reports together with historical trends to estimate the likely future saleability of slow moving and older inventory lines; - Perform a line-by-line analysis of remaining inventory to ensure it is stated at the lower of cost and net realisable value and a specific write down is recognised if required. Refer to note 6 of the standalone financial statements - Inventories. 	<p>We have performed the following procedures over the valuation of inventory:</p> <ol style="list-style-type: none"> a. We tested that the ageing report used by management correctly aged inventory items. b. On a sample basis we tested the net realisable value of inventory lines to recent selling prices. <p>From the procedures performed we have no matters to report.</p> <div style="text-align: center;">  </div>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing

Responsibilities of the Management for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in sub-section (5) of Section 134 of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under clause (i) of sub-section (3) of Section 143 of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of managements and Board of Directors use of the going concern basis of accounting in preparation of standalone Financial Statement and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned

scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025, and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Minal Industries Limited of even date

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has not maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
(B) The Company does not have any Intangible assets and accordingly, reporting under this Clause is not applicable to the Company.
- (a) No physical verification of fixed assets has been conducted by the management during the year or in the recent past. In our opinion, the frequency of verification needs to be improved to be commensurate with the size of the Company and the nature of its business
- (b) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 2 to the financial statements, are held in the name of the Company.
- (c) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year. Consequently, the provisions of clause 1 (d) of the Order are not applicable to the Company.
- (d) Based on the information and explanations furnished to us, no proceedings have been initiated during the year or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) (a) The physical verification of inventory has been conducted at reasonable intervals by the management during the year and, in our opinion, the coverage and procedure of such verification by management is appropriate. The discrepancies noticed on physical verification of inventory by the management, as compared to book records were not material and have been appropriately dealt with in the books of account. No discrepancies of 10% or more in aggregate for each class of inventory were noticed in respect of such physical verification.
- (a) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) In respect of Investments made, guarantees provided, security given, loans given and advances in the nature of loans

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Report on the internal financial controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Act

(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls over financial reporting of **Minal Industries Limited** ("the Company") as of March 31, 2025, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under sub-section (10) of Section 143 of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

Because of the matter described in Disclaimer of Opinion paragraph below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting with reference to Standalone Financial Statements

A company's internal financial control over financial reporting with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements. 

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

According to the information and explanation given to us, the Company has not established its internal financial control over financial reporting on criteria based on or considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. Because of this reason, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the Company had adequate internal financial controls over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2025

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company, and the disclaimer does not affect our opinion on the standalone financial statements of the Company

1.1. Material Accounting Policies

VALUE RESEARCH PREMIUM

(I) Statement of compliance

Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosures requirement of Division II of revised Schedule III of the Companies Act 2013, (Ind AS Compliant Schedule III), as applicable to standalone financial statement. Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at 31 March 2025, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as "Standalone Financial Statements" or "financial statements"). These financial statements are approved for issue by the Board of Directors on 30th May, 2025.

(II) Basis of preparation of financial statements

The Standalone Financial Statements have been prepared on the historical cost basis except for certain financial instruments measured at fair values at the end of each reporting year, as explained in the accounting policies below :

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes in account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, fair value of plan within the scope of Ind AS 19 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Financial Statements as at and for the year ended 31st March, 2025

Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statement is presented in INR and all values are rounded to the nearest Lakhs except when otherwise stated.

Current and non-current classification

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle. It is held primarily for the purpose of being traded;
- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

Deferred tax assets and liabilities are classified as non-current only.

(III) Revenue

Recognition

Sale of Goods

The Company recognises revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company has generally concluded that it is the principal in its revenue arrangements as it typically controls the goods or services before transferring them to the customer.

Revenue is adjusted for variable consideration such as discounts, rebates, refunds, credits, price concessions, incentives, or other similar items in a contract when they are highly probable to be provided. The amount of revenue excludes any amount collected on behalf of third parties.

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Financial Statements as at and for the year ended 31st March, 2025

The Company recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer. In contracts where freight is arranged by the Company and recovered from the customers, the same is treated as a separate performance obligation and revenue is recognized when such freight services are rendered.

Revenue from Service income is recognised on rendering of services based on the agreements/arrangements with the concerned parties.

Revenue is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excluding taxes or duties collected on behalf of the government.

a. Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b. Foreign Currencies

The functional currency of the Company is determined on the basis of the primary economic environment in which it operates. The functional currency of the Company is Indian National Rupee (INR).

The transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognized in Standalone Statement of Profit and Loss in the period in which they arise except for:

- Exchange differences on foreign currency borrowings relating to assets under construction for future Productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- Exchange differences on transactions entered into in order to hedge certain foreign currency risks

(IV) Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Financial Statements as at and for the year ended 31st March, 2025**

intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized in the Statement of Profit and Loss in the year in which they are incurred.

The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

(V) Employee Benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting year. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the Balance sheet with a charge or credit recognised in other comprehensive income in the year in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to Statement of profit and loss. Past service cost is recognised in Statement of profit and loss in the year of a plan amendment or when the company recognises corresponding restructuring cost whichever is earlier. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

The Company presents the first two components of defined benefit costs in Statement of profit and loss in the line item 'Employee benefits expenses'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Financial Statements as at and for the year ended 31st March, 2025**

refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

a) Defined benefit plans – gratuity

- i. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries through actuarial valuation using the projected unit credit method.
- ii. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:
 - Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements.
 - Net interest expense or income.
- iii. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.
- iv. Re-measurement comprising of actuarial gains and losses arising from
 - Re-measurement of Actuarial(gains)/losses
 - Return on plan assets, excluding amount recognized in effect of asset ceiling
 - Re-measurement arising because of change in effect of asset ceiling are recognised in the period in which they occur directly in other comprehensive income. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.
- v. Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Short-term and other long-term employee benefits

- i. A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.
- ii. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.
- iii. Liabilities recognised in respect of other long-term employee benefits are measured at the

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Financial Statements as at and for the year ended 31st March, 2025

present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

(VI) Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax

Current tax is the amount of tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961

The Company has recognised income tax expenses applying the provisions under section 115BAA of the Income-tax Act, 1961.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Further, deferred tax is not recognised on the items that does not give rise to equal taxable and deductible temporary differences. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries, joint ventures and associates, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Financial Statements as at and for the year ended 31st March, 2025**

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting year.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they are relating to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

(VII) Property, Plant and Equipment

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shut-down and overhaul expenditure is capitalised as the activities undertaken improves the economic benefits expected to arise from the asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss. Property, plant and equipment held for use in the production, supply or administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any. The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements on transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support etc.

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Financial Statements as at and for the year ended 31st March, 2025

Property, plant and equipment are measured at acquisition cost less accumulated depreciation and accumulated impairment losses. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by Management. The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method as prescribed under Part C of schedule II of the Companies Act, 2013.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. Leasehold land is amortized over the period of lease. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price.

Assets	Estimated useful lives
Building	30 Years
Plant and Machinery	15 Years
Office equipment	5 Years
Computer equipment	3 Years
Furniture and fixtures	10 Years
Vehicles	8 Years

The management believes that the estimated useful lives are realistic and reflects fair approximation of the period over which the assets are likely to be used. At each financial year end, management reviews the residual values, useful lives and method of depreciation of property, plant and equipment and values of the same are adjusted prospectively where needed.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

The company has policy to not capitalizing the assets which is acquired during the year and value of such assets is below ₹ 5000.

(VIII) Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Financial Statements as at and for the year ended 31st March, 2025**

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Standalone Statement of Profit and Loss.

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

Any reversal of the previously recognised impairment loss is limited to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

(IX) Inventories

Inventories are valued after providing for obsolescence as follows:

i) Raw material, stores & spares, packing material are valued at lower of cost and net realisable value. However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost.

ii) Work-in-progress and Finished Goods are valued at lower of cost and net realisable value. Cost of finished goods and work-in-progress include cost of direct material and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing cost.

iii) Waste/Scrap inventory is valued at net realisable value.

iv) Obsolete, defective and unserviceable stock is duly provided for wherever applicable.

v) Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition

vi) Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(X) Investment in subsidiaries and associates

Investment in subsidiaries & associates are shown at cost. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to

MINAL INDUSTRIES LIMITED

its recoverable amount and the difference is transferred to the Standalone Statement of Profit and Loss. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Standalone Statement of Profit and Loss.

Fair Value Measurement

The Company measures financial instruments at fair value in accordance with accounting policies at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of asset or a liability is measured using the assumptions that market participants would use in pricing the asset or liability, assuming that market participant at in their economic best interest.

A fair value measurement of a non-financing asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

a) Financial Instruments Financial assets

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

Subsequent measurement

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Financial Statements as at and for the year ended 31st March, 2025

the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at:

- amortised cost.
- fair value through profit and loss (FVTPL).
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Financial liabilities

Initial recognition and measurement.

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

These liabilities include borrowings.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de- recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Standalone Statement of profit and loss.

b) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Financial Statements as at and for the year ended 31st March, 2025**

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(XI) Trade receivables

The Company applies approach permitted by Ind AS 109, financial instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

(XII) Cash and Cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalent consists of cash and short term deposits, as defined above.

(XIII) Provisions, Contingent liabilities, Contingent assets and Commitments

Provisions are recognised when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Standalone Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a liable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Financial Statements as at and for the year ended 31st March, 2025**

remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised. However, major contingent assets (if any) are disclosed in the notes to financial statements.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

(XIV) Earnings per Equity Share

Basic EPS is computed by dividing the net profit or loss after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive

1.2. Key sources of estimation uncertainty and critical accounting judgements

The preparation of Standalone financial statements, in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The management bases its estimates on historical experience and various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes:

a. Property, plant and equipment

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful lives and the expected residual value at the end of its lives. The useful lives and residual values of Company's assets are determined by Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. Such lives are dependent upon an assessment of both the technical lives of the assets, and also their likely economic lives based on various internal and external factors including relative efficiency, the operating conditions of the

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Financial Statements as at and for the year ended 31st March, 2025

asset, anticipated technological changes, historical trend of plant load factor, historical planned and scheduled maintenance. It is possible that the estimates made based on existing experience are different from the actual outcomes and could cause a material adjustment to the carrying amount of property, plant and equipment.

b. Impairment of investments in subsidiaries:

Determining whether the investments in subsidiaries are impaired requires an estimate in the value in use of investments. In considering the value in use, the Directors have anticipated various factors of the underlying businesses / operations of the investee companies as more fully described. Any subsequent changes to the cash flows due to changes in the factors could impact the carrying value of investments.

c. Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized. The cases which have been determined as remote by the Company are not disclosed.

Contingent assets are neither recognized nor disclosed in the Standalone Financial Statements unless when an inflow of economic benefits is probable.

e. Provisions

The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

f. Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions. In assessing the realizability of deferred tax assets arising from unused tax credits, the management considers convincing evidence about availability of sufficient taxable income against which such unused tax credits can be utilized. The amount of the deferred income tax assets considered realizable, however, could change if estimates of future taxable income changes in the future.

1.3. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing

standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Total	(61.48)	50.04

Nature and purpose of reserve

1. Retained Earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss. Retained earnings is a free reserve available to the Company.

2. Capital Reserve

Reserve is primarily created on amalgamation as per statutory requirement. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

3. Security Premium

Securities Premium is credited when shares are issued at premium including non-cash transaction. This reserve is utilised in accordance with the specific provisions of the Companies Act

4. Revaluation Reserve

It is created through the revaluation of assests as per the Companies Act, 2013 and Indian Accounting Standard notified by Ministry of Corporate Affairs (MCA).

5. General reserve

Under the erstwhile Indian Companies Act 1956, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable reserves for that year.

Consequent to introduction of Companies Act 2013, the requirement of mandatory transfer of a specified percentage of the net profit to general reserve has been withdrawn and the Company can optionally transfer any amount from the surplus of profit and loss to the General reserves. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

MINAL INDUSTRIES LIMITED

Notes to Standalone Financial Statements for the year ended 31st March, 2025

NOTE 35:-

NOTE 35.1:- As per IndAS 115 – ‘Revenue from Contracts with Customers’, income is defined as a transaction which increases in economic benefits during the accounting period in the form of inflows or enhancements of assets or decreases of liabilities that result in an increase in equity, other than those relating to contributions from equity participants.

NOTE 35.2 :- Company’s investments in Subsidiaries viz. Minal Infojewels Limited (‘MIJL’) is 49.40% amounting to Rs 1235.00 lakhs which is long term in nature and Company had made aggregate provision for investments of Rs. 600.00 lakhs in the books. The Company has also given loan aggregating to Rs. 2387.95 lakhs of which aggregate provision was made amounting to Rs. 1200.00 lakhs in the books in previous years. There is no change in the above provision in the current year.

MIJL has earned a net profit of Rs. 532.93 lakhs during the year ended 31st March, 2025. However, It has incurred losses for the past years and has accumulated negative reserves to the tune of Rs 511.54 lakhs as on 31st March, 2025. As per management projections no further adjustment is necessary for impairing the carrying cost (net of provisions) of investments of Rs. 635.00 lakhs and loans amounting to Rs. 1187.96 lakhs which is outstanding as an 31st March, 2025.

The interest income for the year ended 31st March 2025, has not been accrued for loan given to the subsidiary Minal Infojewels Limited since uncertainty exists for interest already accrued and pending realization till 31st March 2025 due to accumulated losses of the Subsidiary and have expressed its inability to pay interest till its financial condition improves. As explained to us, the management is in the process of identification of growth opportunities for the Subsidiary which will ultimately allow the Company to realise the aggregate interest and loan amount outstanding as at 31st March 2025

NOTE 35.3 :- The Company wholly-owned overseas subsidiary, Minal International FZE on February 10, 2025 wound up its business and formal winding-up process has been initiated and its commercial license has expired on that date. Based on the audited financial statements of the subsidiary dated February 10, 2025, which reflect accumulated losses eroding the entire capital, the Company has written off the full amount of its investment of Rs. 18.38 Lakhs and loan receivable (including interest) of Rs. 390.61 lakhs during the current financial year, total write off amounting to Rs. 408.99 lakhs. Further in the year ended March 31, 2024, the company had reassessed the recoverability of the loan given to and interest receivable and investment made in wholly owned overseas subsidiary and recognised an impairment provision of Rs. 408.99 lakhs which had been disclosed as an exceptional item and hence there is no impact on profit and loss account in the current financial year.

NOTE 35.4 :- The Managing Director of the Company, Shri Shrikant Parikh, has filed a petition before the National Company Law Tribunal (NCLT) under Section 59 of the Companies Act, 2013 against Mr. Mahendra Shah and Mr. Champaklal Mehta and Share transfer agent M/s MCS Share Transfer Agent Limited. The petition pertains to a dispute regarding ownership of equity shares of the Company. The matter is currently going on and no final order has been passed by the NCLT as of the reporting date. Based on the current status of the proceedings and legal advice received, the Company does not expect any financial implication as on date.

NOTE 36:- CONTINGENT LIABILITIES AND COMMITMENTS

NOTE 36.1:- Contingent Liabilities: (to the extent not provided for)

Total	99.65	130.47

NOTE 36.1.(a):- It is not practicable to estimate the timing of cash outflows, if any, in respect of matters above, pending resolution of the arbitration / appellate proceedings.

NOTE 36.1.(b):- The company does not expect any reimbursement in respect of the above contingent liabilities.

NOTE 36.2 :- In the opinion of management, the current assets, loans and advances have a value on realisation in the ordinary course of business, at least equal to the amount at which they are stated in the balance sheet. Provision for all known liabilities is adequate and not in excess of what is required.

NOTE 36.3:- The Company is yet to receive balance confirmation in respect of certain trade payable, other payable, trade receivable, other receivable and loan and advances. The management does not expect any material difference affecting the current year’s financial statements due to the same.

NOTE 37: DISCLOSURES AS REQUIRED BY INDIAN ACCOUNTING STANDARD (IND AS 24) EMPLOYEE BENEFITS

37 Defined benefit plans:

(a) Gratuity (Non-Funded):

"The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount equivalent to 15 days' salary for each completed year of service. Vesting occurs upon completion of five continuous years of service in accordance with Indian law.

The company is typically expose the Group to actuarial risks such as: interest rate risk, longevity risk and salary risk.

Interest Risk:

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt

Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2025 by M/S Kewal Krishan Wadhwa, Consulting Actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The following tables summarise the components of net benefit expenses recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the respective plans:

(b) Sensitivity analysis:

The significant actuarial assumptions for the determination of the defined benefit obligation are the discount rate, the salary growth rate and the average life expectancy. The calculation of the net defined benefit liability is sensitive to these assumptions. The following table summarises the effects of changes in these actuarial assumptions on the defined benefit liability

	(Rs. in lakhs)	
Particulars	As at 31st March, 2025	As at 31st March, 2024
Quantitative sensitivity analysis for significant assumption is as below:		
Increase / (decrease) on present value of defined benefits obligation at the end of the year:		
Half percentage point increase in discount rate	(0.03)	(0.00)
Half percentage point decrease in discount rate	0.03	0.02
Half percentage point increase in rate of salary Increase	0.03	0.02
Half percentage point decrease in rate of salary Increase	(0.03)	(0.00)

Sensitivities due to mortality & withdrawals are not material & hence impact of change due to these not calculated.

The present value of the defined benefit obligation calculated with the same method (projected unit credit) as the defined benefit obligation recognised in the balance sheet. The sensitivity analysis is based on a change in one assumption while not changing all other assumptions. This analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in the assumptions would occur in isolation of one another since some of the assumptions may be co-related.

(C) Experience adjustments

(Rs. in lakhs)

Gratuity	2024-25	2023-24	2022-23	2021-22	2020-21

[Surplus / (Deficit)]	(0.48)	(0.20)	(4.22)	(2.64)	(1.77)

In assessing the Company's post retirement liabilities, the Company monitors mortality assumptions and uses up-to-date mortality tables, the base being the Indian assured lives mortality (2012-14) ultimate.

The discount rate is based on the prevailing market yields of Government of India securities as at the Balance sheet date for the estimated term of obligation.

The estimates of future salary increase, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

NOTE 39.1.(c) :- Financial Risk Management

The Company's activities expose it to a variety of financial risks: market risk, credit risk, liquidity risk and foreign exchange risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

(i) Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to Rs. 403.62 lakhs and Rs. 409.12 lakhs as of 31st March, 2025 and 31st March, 2024, respectively. The Company has its entire revenue from group companies. Hence no credit risk is perceived. Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks.

(ii) Interest rate risk

Interest rate risk is the that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The company is exposed to interest rate risk because funds are borrowed at floating interest rates. interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate.

The following table provides a break-up of the Company's fixed and floating rate borrowings:

(Rs. in lakhs)

Particulars	As at 31st March, 2025	As at 31st March, 2024
Fixed Rate Borrowings	-	17.31
Floating Rate Borrowings	-	-
Total net borrowings	-	17.31
Add : Upfront Fees	-	-
Total gross borrowings	-	17.31

(iii) Liquidity Risk management

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligation associated with its financial liabilities that are settled by delivering cash or another financial assets. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

Independent Auditors' Report

To the Members of Minal Industries Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Minal Industries Limited (“the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), comprising of the consolidated balance sheet as at March 31, 2025 and the consolidated statement of Profit and Loss including other comprehensive income, consolidated cash flow statement and the consolidated statement of changes in equity and for the year then ended, and notes to the consolidated financial statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as ‘the consolidated financial statements’).

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group at March 31, 2025, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under sub-section (10) of section 143 of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements’ section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in the ‘Other Matters’ section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Material uncertainty related to going concern

We draw attention to note 47 of the consolidated financial statements which explains that the financial statements of the group have been prepared on a going concern basis

notwithstanding The Group has profit of Rs. 421 lakhs during the year ended March 31, 2025 and loss of (Rs. 207.88 lakhs) during the year ended March 31, 2024. The net accumulated losses under retained earning of the Group being Rs. 600.00 lakhs as on year ended March 31, 2025. Management continues to strengthen its strategy to expand its market in order for the Group to increase its sales and eventually generate profit. In spite of these events or conditions which may cast a doubt on the ability of the Group to continue as a going concern, the management is of the opinion that going concern basis of accounting is appropriate in view of the continued financial support from its Promoters.

Our Opinion is not modified in respect of above matters.

Emphasis of Matter

- a. We draw attention to note 38.2 of the consolidated financial statement which explains that the interest income for the year ended 31st March 2025, has not been accrued for loan given to the subsidiary Minal Infojewels Limited since uncertainty exists for interest already accrued and pending realization till 31st March 2025 due to accumulated losses of the Subsidiary and have expressed its inability to pay interest till its financial condition improves. As explained to us, the management is in the process of identification of growth opportunities for the Subsidiary which will ultimately allow the holding Company to realise the aggregate interest and loan amount outstanding as at 31st March 2025
- b. We draw attention to note 38.3 of the consolidated financial statement which explains that the Company wholly-owned overseas subsidiary, Minal International FZE on February 10, 2025 wound up its business and formal winding-up process has been initiated and its commercial license has expired on that date. Based on the audited financial statements of the subsidiary dated February 10, 2025, which reflect accumulated losses eroding the entire capital, the holding Company has written off the full amount of its investment of Rs. 18.38 lakhs and loan receivable (including interest) of Rs. 390.61 lakhs during the current financial year, total write off amounting to Rs. 408.99 lakhs. Further in the year ended March 31, 2024, the holding company had reassessed the recoverability of the loan given to and interest receivable and investment made in wholly owned overseas subsidiary and recognised an impairment provision of Rs. 408.99 lakhs which had been disclosed as an exceptional item and hence there is no impact on profit and loss account in the current financial year.
- c. We draw attention to note 38.3 of the consolidated financial statement which explains that the Managing Director of the group, Shri Shrikant Parikh, has filed a petition before the National Company Law Tribunal (NCLT) under Section 59 of the Companies Act, 2013 against Mr. Mahendra Shah and Mr. Champaklal Mehta and Share transfer agent M/s MCS Share Transfer Agent Limited. The petition pertains to a dispute regarding ownership of equity shares of the holding Company . The matter is currently going on and no final order has been passed by the NCLT as of the reporting date. Based on the current status of the proceedings and legal advice received, the group does not expect any financial implication as on date.

Our Opinion is not modified in respect of above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor’s Report Thereon.

The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor’s reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Board of Directors for the Consolidated Financial Statements.

The Holding Company’s Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements.

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under clause (i) of sub section (3) of section 143 of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the

Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in consolidated financial statements of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a. We did not audit the annual financial statement of one overseas subsidiary Minal International FZE included in the consolidated financial statement of the Group. Minal International FZE on February 10, 2025 wound up its business. Its financial statements reflect total assets of Rs. Nil as at February 10, 2025 and total revenues of Rs. Nil, total net loss after tax of Rs. Nil, total comprehensive income of Rs. Nil,

for the year ended February 10, 2025 as considered in the audited consolidated financial results of the Group. These financial statements and other financial information have been audited by its respective independent auditor. The independent auditors report on the financial statements and other financial information of these entities have been furnished to us by the management and our opinion on the statement, in so far as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the report of such auditor and the procedures performed by us as stated in paragraph above.

One of the subsidiary located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

- b. The consolidated financial results include unaudited financial statements and other unaudited financial information in case of one subsidiary partnership firm, whose financial statements and other financial information reflect total assets of Rs.30.50 lakhs as at March 31, 2025, total revenue of Rs. Nil, total net loss after tax of (Rs 0.41lakhs) for the year ended. These unaudited financial statements and other unaudited financial information have been furnished to us by the management.

Our opinion, in so far as it relates to the affairs of this subsidiary partnership firm is based solely on such unaudited financial Statement and other unaudited financial information. In our opinion and according to the information and explanations given to us by the managements, the financial statements and other financial information related to aforesaid subsidiary partnership firm is not material to the Group Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of

the other auditors on separate financial statements and the other financial information of the subsidiary, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure A" a statement on the matters specified in paragraph 3(xxi) of the Order.

2. As required by sub-section (3) of the Section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary, as noted in the 'Other Matters' paragraph we report, to the extent applicable, that:
 - a. We/the Other Auditor's whose report we rely upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to the preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in paragraph (i) (vi) below on reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014, as amended.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the statement of Other Comprehensive Income, Consolidated Statement of Cash Flow and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company none of the directors of the Group Companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of sub-section (2) of section 164 of the Act.
 - f. The going concern matter described under material uncertainty related to Going Concern paragraph above, in our opinion, may have an adverse effect on the functioning of the Group.
 - g. With respect to the adequacy of the internal financial controls with

reference to consolidated financial statements of the Holding Company and its subsidiary companies incorporated in India, and operating effectiveness of such, refer to our separate Report in “Annexure B” to this report.

- h. In our opinion and according to the information and explanations given to us, the managerial remuneration for the year ended March 31, 2025 has been paid/provided by the Holding Company and its subsidiary Company incorporated in India to their respective directors is in accordance with the provisions of section 197 read with Schedule (V) of the Act.
- i. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule (11) of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditor on separate financial statements as also the other financial information of the subsidiaries, as noted in the “Other Matters” paragraph:
 - (i) The consolidated financial statements disclose the impact of pending Litigations on the consolidated financial position of the Group in its consolidated financial statements – refer note 39 to the consolidated financial statements.
 - (ii) The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses during the financial year on March 31, 2025; and
 - (iii) Unclaimed dividends of Rs. 1.89 lakhs as disclosed in note 23 has not been transferred to the Investor Education and Protection Fund by the Group incorporated in India during the year ended, March 31, 2025.
 - (iv) (a) The respective managements of the Holding Company and its subsidiary which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of

the respective Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The respective managements of the Holding Company and its subsidiary which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditor of such subsidiary that, to the best of its knowledge and belief, no funds have been received by the respective Holding Company or any of such subsidiary from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (A) and (B) above, contain any material misstatement.

- (v) The Holding Company or its subsidiaries has not declared or paid any dividend during the financial year.
- (vi) Based on our examination which included test checks, and based on the other auditor Report of its subsidiary company incorporated in India whose financial statements have been audited under the Act, we found that the Holding Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail, however the same was not operational for all relevant transactions recorded in the respective software, hence we are unable to comment on audit trail feature of the said software.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT**Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act.**

In conjunction with our audit of the consolidated financial statements of Minal Industries Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its Subsidiary (the Holding Company and its Subsidiary together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively to ensure the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under sub-section (10) of Section 143 of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to consolidated financial statements includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a

material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

Because of the matter described in the Disclaimer of Opinion paragraph below, we were not able to obtain sufficient appropriate Audit evidence to provide a basis for an audit opinion on the internal financial controls system over the financial reporting of the Group.

Meaning of Internal Financial Controls over Financial Reporting with reference to consolidated financial statements

A Group's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit the preparation of the consolidated financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding the prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India have not established internal financial control over financial reporting on criteria based on or considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. Because of this reason, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion on whether the Group had adequate internal financial controls over financial reporting and whether such internal financial controls were

operating effectively as of March 31, 2025.

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements of the Group, and the disclaimer does not affect our opinion on the consolidated financial statements of the Group.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025****II. Basis of Preparation and Presentation**

The consolidated financial statements have been prepared on a going concern basis, the historical cost basis and on an accrual basis, except for certain financial assets and liabilities (including derivative instruments), defined benefit plan's – plan assets and equity settled share-based payments measured at fair value at the end of each reporting year (and acquisition of subsidiaries where assets and liabilities are measured at fair values as at the date of acquisition in accordance with Ind AS 103.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes in account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determine on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, fair value of plan assets within scope the of Ind AS 19 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The Consolidated Financial Statements comprises of Minal Industries Limited and all its subsidiaries, being the entities that it controls. Control is assessed in accordance with the requirement of Ind AS 110 – Consolidated Financial Statements.

The Consolidated Financial Statements are presented in Indian Rupees (Rs.) and all values are rounded to the nearest lakhs, except when otherwise indicated

III Basis of Consolidation

The Consolidated Financial Statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved where the Company:

- has power over the investee
- is exposed to, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Company reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

When the Company has less than majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including;

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Consolidation Procedure:

- a) The financial statements of the Company and its subsidiaries are combined on a line-by-line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intragroup transactions.
- b) Profits or losses resulting from intra-group transactions that are recognised in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full. In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).
- c) The audited/unaudited financial statements of foreign subsidiaries have been prepared in accordance with the Generally Accepted Accounting Principle of its Country of Incorporation or Ind AS.
- d) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances
- e) The carrying amount of the parent's investment in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.
- f) The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- g) Non-Controlling Interest's share of profit/loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Company.
- h) Non-Controlling Interest's share of profit/loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Company.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025****IV. Business Combinations**

Business combinations are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. Acquisition-related costs are generally recognised in Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Taxes and Ind AS 19 Employee Benefits respectively.
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

Goodwill arising on business combination is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the fair value of net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is tested for impairment annually and measured at cost less any accumulated impairment losses if any.

In case of bargain purchase, before recognizing gain in respect thereof, the Group determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognizes any additional assets or liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Group recognizes it in other comprehensive income and accumulates the same in equity as capital reserve. This gain is attributed to the acquirer. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Group recognises the gain, after reassessing and reviewing, directly in equity as capital reserve.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another Ind AS.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in the Consolidated Statement of Profit and Loss. If the initial accounting for a business combination is incomplete by the end of the financial year, the provisional amounts for which the accounting is incomplete shall be disclosed in the consolidated financial statements and provisional amounts recognized at the acquisition date shall be retrospectively adjusted during the measurement period. During the measurement period, the group shall also recognize additional assets or liabilities if the new information is obtained about facts and circumstances that existed as of the acquisition date and if known, would have resulted in the recognition of those assets and liabilities as of that date. However, the measurement period shall not exceed the period of one year from the acquisition date.

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interest method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonize accounting policies. Any excess or shortfall of the consideration paid over the share capital of transferor entity or business is recognised under equity

V. Foreign Currencies

The functional currency of the Company and its subsidiaries is determined on the basis of the primary economic environment in which it operates. The functional currency of the Company is Indian National Rupee (INR).

Transactions and Balances

All transactions in foreign currencies are translated to the respective functional currencies using the prevailing exchange rates on the date of such transactions. All monetary assets and liabilities denominated in foreign currencies are translated to the functional currency at the closing exchange rate at the end of each reporting year. All non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated to the functional currency at the exchange rate when the fair value was determined. All foreign currency differences are generally recognized in the Consolidated Statement of Profit and Loss, except for non-monetary items denominated in foreign currency and measured based on historical cost, as they are not translated.

Translation of Foreign Operations

For the purpose of presenting Consolidated Financial Statements, the assets and liabilities of the Group's foreign operations that have a functional currency other than Indian rupees are translated into Indian rupees using exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income (OCI) and held in foreign currency translation reserve (FCTR), a component of equity. When a foreign operation is disposed off, the relevant amount recognized in FCTR is transferred to the Consolidated Statement of Profit and Loss as part of the profit or loss on disposal. Goodwill and fair value

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the exchange rate prevailing at the reporting date. Exchange differences arising are recognised in other comprehensive income.

VI. Property, Plant and Equipment:

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Major shut-down and overhaul expenditure is capitalised as the activities undertaken improves the economic benefits expected to arise from the asset.

Major overhaul costs are depreciated over the estimated life of the economic benefit derived from the overhaul. The carrying amount of the remaining previous overhaul cost is charged to the Statement of Profit and Loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Assets in the course of construction are capitalized in the assets under Capital work in progress. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalized where the asset is available for use but incapable of operating at normal levels revenue (net of cost) generated from production during the trial period is capitalized.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Consolidated Statement of Profit and Loss.

Property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are stated in the consolidated balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation commences when the assets are ready for their intended use. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful lives and residual value prescribed in Schedule II to the Companies Act, 2013 except in case of the following class of assets wherein useful lives are determined based on technical assessment made by a technical expert engaged by the management taking into account the nature of assets, the estimated usage of assets, the operating conditions of the assets, anticipated technological changes, in order to reflect the actual usage.

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025

The Group has estimated the following useful lives to provide depreciation on its certain fixed assets based on assessment made by experts and management estimates

Assets	Estimated useful lives
Building	30 Years
Plant and Machinery	15 Years
Office equipment	5 Years
Computer equipment	3 Years
Furniture & fixtures	10 Years
Vehicles	8 Years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The group has policy to expense out the assets which is acquired during the year and value of such assets is below Rs. 5000

VII. Intangible Assets (other than goodwill)

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting year, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses if any. The cost of intangible assets having finite lives, which are under development and before ready for its intended use, are disclosed as 'Intangible Assets under development.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Assets	Estimated useful lives
Computer Software	3 - 5 Years

An intangible asset is derecognised on disposal, or when no further economic benefits are expected from use or disposal. Gain/loss on de-recognition are recognised in statement of profit and loss.

VIII. Impairment of Non-Financial Assets - Property, Plant and Equipment and Intangible Assets

The Group assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment, and Other Intangible Assets or group of assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

An impairment loss is recognised in the Consolidated Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

IX. Revenue Recognition:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services having regard to the terms of the contract. If the consideration in a contract includes a variable amount, the group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated having regard to various relevant factors including historical trend and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Compensation towards shortfall in offtake are recognised on collection or earlier when there is reasonable certainty to expect ultimate collection.

Revenue from port operations services/ multi-model service including cargo handling and storage are recognized on proportionate completion method basis based on services completed till reporting date. Revenue on take-or-pay charges are recognised for the quantity that is difference between annual agreed tonnage and actual quantity of cargo handled.

Interest on delayed payments leviable as per the relevant contracts are recognised on actual realisation or accrued based on an assessment of certainty of realization supported by acknowledgement from customers.

The amount recognised as revenue is exclusive of goods & services tax where applicable.

Trade receivables

A receivable is recognised when the goods or services are delivered and to the extent that it has an unconditional contractual right to receive cash or other financial assets (i.e., only the passage of time is required before payment of the consideration is due).

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized

as revenue when the Company performs under the contract including Advance received from Customer.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration.

X Other Income

Other income is comprised primarily of interest income, mutual fund income, dividend, exchange gain/ loss. Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Unrealised gain/loss on mutual unit accounted in Statement of Profit and Loss bases mark to market basis and realised gain/loss accounted on the redemption basis.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

XI Leases

The Group assesses whether a contract is or contains a lease, at inception of the contract. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as lessor

Leases for which the group is a lessor are classified as finance or operating leases. Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the group's net investment outstanding in respect of the lease.

Subsequent to initial recognition, the group regularly reviews the estimated unguaranteed residual value and applies the impairment requirements of Ind AS 109, recognizing an allowance for expected credit losses on the lease receivables. Finance lease income is calculated with reference to the gross carrying amount of the lease receivables, except for credit impaired financial assets for which interest income is calculated with reference to their amortised cost (i.e. after a deduction of the loss allowance).

Group as lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025****Right-of-use assets**

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The lease term of Group's ROU assets which comprises only Buildings varies from 3 to 30 years.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. Right-of-use assets are subject to impairment test.

The Company accounts for sale and lease back transaction, recognising right-of-use assets and lease liability, measured in the same way as other right-of-use assets and lease liability. Gain or loss on the sale transaction is recognised in statement of profit and loss.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term and are not paid at the commencement date, discounted by using the rate implicit in the lease. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest (using the effective interest method) and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value (i.e., below Rs. 50,000). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

Most of the contracts that contains extension terms are on mutual agreement between both the parties and hence the potential future rentals cannot be assessed. Certain contracts where the extension terms are unilateral are with unrelated parties and hence there is no certainty about the extension being exercised. The group uses weighted average incremental borrowing rate for lease liabilities measurement.

XII. Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the Statement of Profit and Loss in the year in which they are incurred.

The Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. If any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. In case if the Group borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset. Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

XIII. Employee Benefits**Retirement benefit costs and termination benefits****Defined contribution plans:**

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions

Defined benefit plans:

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting year. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the year in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Actuarial valuations are being carried out at the end of each annual reporting period for defined benefit plans. Past service cost is recognised in profit or loss in the year of a plan amendment or when the Group recognizes corresponding restructuring cost whichever is earlier. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

- Re-measurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expenses. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the statement of financial position represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

The group pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/ superannuation. The gratuity is paid @ 15 days salary for each completed year of service as per the Payment of Gratuity Act, 1972

Short-term and other long-term employee benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the year the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date

XIV. Tax Expense

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax is the amount of expected tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961. The group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period

Deferred tax

Deferred tax is recognised using the balance sheet approach on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill. Recognize of Deferred Tax Liability (DTL)/ Deferred Tax Asset (DTA) for taxable temporary differences in cases where the initial recognition of an asset or liability results in equal taxable and deductible temporary differences.

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as a deferred tax asset if there is convincing Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as a deferred tax asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Group.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting year.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority

Current and Deferred Tax for the year

Current and deferred tax are recognised in profit or loss, except when they are relating to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

XV. Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, Cost is determined by the weighted average cost method.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventories includes cost of purchase price, cost of conversion and other cost incurred in bringing the inventories to their present location and condition

XVI Financial Instruments

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

a) Investments and other financial assets:**Initial recognition and measurement**

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition or issue of the financial asset. Purchases and sales of financial assets are recognised on the trade date, which is the date on which the group becomes a party to the contractual provisions of the instrument

Classification of Financial Assets. 

Financial assets are classified, at initial recognition and subsequently measured at amortised cost, fair value through other comprehensive income (OCI) and fair value through profit and loss.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- i) The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL;

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOC category are measured initially as well as at each reporting date at fair value. Fair value movement are recognised in the Other Comprehensive Income (OCI). However, the Group recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the Consolidate Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

from the equity to Consolidated Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. The equity instruments which are strategic investments and held for long term purposes are classified as FVTOCI. If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Consolidated Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL.

In addition, on initial recognition, the group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of each reporting year, with any gains and losses arising on remeasurement recognised in consolidated statement of profit and loss. The net gain or loss recognised in consolidated statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the other income' line item. Dividend on financial assets at FVTPL is recognised when:

- The Group's right to receive the dividends is established,
- It is probable that the economic benefits associated with the dividends will flow to the entity,
- The dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Derecognition of Financial Assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party..

Impairment

The Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit impaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the group measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Group again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

The Group has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Group expects to recover the carrying amount of these assets.

*Effective interest Method:

b) Financial Liabilities & Equity Instruments**Classification as Debt or Equity**

Debt and equity instruments issued by the group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the group are recognized at the proceeds received, net of direct issue costs

Repurchase of the group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the group's own equity instruments.

Financial Liabilities

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'

Initial recognition and measurement financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at fair value.

Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed, and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value with any gains or losses arising on remeasurement recognised in Consolidated Statement of Profit and Loss. The net gain or loss recognised in Consolidated Statement of Profit and Loss incorporates an interest paid on the financial liability and is include in the Consolidated Statement of Profit and Loss. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognised in OCI.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025

financial liability derecognised and the consideration paid and payable is recognised in the Consolidated Statement of Profit and Loss.

Other financial liabilities:

The Group enters into deferred payment arrangements (acceptances) whereby overseas lenders such as banks and other financial institutions make payments to supplier's banks for import of raw materials and property, plant and equipment. The banks and financial institutions are subsequently repaid by the Group at a later date providing working capital benefits. These arrangements are in the nature of credit extended in normal operating cycle and these arrangements for raw materials are recognised as Acceptances (under trade payables) and arrangements for property, plant and equipment are recognised as borrowings. Interest borne by the Group on such arrangements is accounted as finance cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Derecognition of Financial Liabilities:

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit or Loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting year following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025

Amortised cost	FVTPL	Fair value is measured at reclassification date. The difference between previous amortised cost and fair value is recognised in Statement of Profit and Loss.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. The difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognised in OCI is reclassified to Statement of Profit and Loss at the reclassification date.

XVI. Provisions and Commitments

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

A provision is recognised when the Group has a present obligation (legal or constructive), as a result of past events and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Onerous Contracts - Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. The cost of fulfilling a contract comprises the costs that relate directly to the contract (i.e., both incremental costs and an allocation of costs directly related to contract activities).

Provisions are reviewed at each Balance Sheet date.

XVII. Contingent Liabilities

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made. Contingent liabilities are reviewed at each Balance Sheet date.

XVIII. Cash and Cash Equivalents

Cash and short-term deposits in the Balance Sheet comprise cash at banks, cheque on hand, short-term deposits with a maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of cash flows Cash and cash equivalents comprise cash at banks and on hand, short-term deposits with an original maturity of three months or less and liquid investments, which are subject to insignificant risk of changes in value.

XIX. Earnings per Equity Share

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025**

Basic earnings per share is computed by dividing the profit / loss after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit / loss after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares including the treasury shares held by the Group to satisfy the exercise of the share options by the employees

XX. Current and Non-Current Classification

The Group presents assets and liabilities in the balance sheet based on current and non-current classification. An asset is classified as current when it satisfies any of the following criteria:

- Expected to be realized or intended to be sold or consumed in Group normal operating cycle; Held primarily for the purpose of trading.
- Expected to be settled within twelve months after the reporting period or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- is expected to be settled in Group normal operating cycle.
- It is held primarily for the purpose of trading.
- it is due to be settled within twelve months after the reporting date; or the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.
- The Group classifies all other liabilities as non-current

The Group classifies all other liabilities as non-current

XXI. Key sources of estimation uncertainty and critical accounting judgements

The preparation of consolidated financial statements, in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The management bases its estimates on historical experience and various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Consolidated Financial Statements is included in the following notes: 172

MINAL INDUSTRIES LIMITED**CIN - L32201MH1988PLC216905****Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025****a. Depreciation / amortisation and useful lives of property, plant and equipment / intangible asset**

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. This reassessment may result in change in depreciation and amortisation expected in future periods.

b. Taxes

The group has two tax jurisdictions i.e. at India and UAE. Significant judgements are involved in determining the provision for income taxes.

Deferred tax assets (including MAT credits) are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

MAT is assessed on book profits adjusted for certain items as compared to the adjustments followed for assessing regular income tax under normal provisions. MAT paid in excess of regular income tax during a year can be set off against regular income taxes within a specified period in which MAT credit arises, subject to the limits prescribed.

c. Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d. Fair Value Measurement

When the fair values of financial assets and financial liabilities recorded or disclosed in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgements and assumptions including the Discounted Cash Flows model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility.

e. Impairment of Financial Assets and Non-Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

In case of non-financial assets, the Group estimates asset's recoverable amount, which is higher of an assets or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

MINAL INDUSTRIES LIMITED

CIN - L32201MH1988PLC216905

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2025

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

f. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized. The cases which have been determined as remote by the Group are not disclosed.

Contingent assets are neither recognized nor disclosed in the consolidated financial statements unless when an inflow of economic benefits is probable.

g. Provisions

The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances

- 4. Recent Accounting Pronouncements:** The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. As of 31st March 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company that has not been applied.

Nature and purpose of reserves

1. Retained Earnings

Retained earnings are the profits that the Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss. Retained earnings is a free reserve available to the Group.

2. Securities Premium

Securities Premium is credited when shares are issued at premium including non-cash transaction. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

3. Revaluation Reserve

It is created through the revaluation of assests as per the Companies Act, 2013 and Indian Accounting Standard notified by Ministry of Corporate Affairs (MCA) .

4. General reserve

Under the erstwhile Indian Companies Act 1956, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the group for that year, then the total dividend distribution is less than the total distributable reserves for that year.

Consequent to introduction of Companies Act 2013, the requirement of mandatory transfer of a specified percentage of the net profit to general reserve has been withdrawn and the Group can optionally transfer any amount from the surplus of profit and loss to the General reserves. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

5. Foreign currency translation reserve (FCTR)

Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. Currency Units) are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve. Exchange differences previously accumulated in the foreign currency translation reserve are reclassified to profit or loss on the disposal of the foreign operation.

6. Capital Reserve

Reserve is primarily created on amalgamation as per statutory requirement. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

Note 36:- Income tax

Indian companies are subject to Indian income tax on a standalone basis. For each fiscal year, the entity profit and loss is subject to the higher of the regular income tax payable or the Minimum Alternative Tax ("MAT").

Statutory income taxes are assessed based on book profits prepared under generally accepted accounting principles in India adjusted in accordance with the provisions of the (Indian) Income Tax Act, 1961. Statutory income tax is charged at 22% plus a surcharge and education cess.

Group has one subsidiary at United Arab Emirates (UAE) which is currently not subjected to tax as per prevailing local law.

The Group has elected to exercise the option permitted under Section 115BAA of the Income Tax Act, 1961 to pay corporate income tax at 22% plus surcharge and cess (aggregating to tax rate of 25.17%) for the financial year 2024-25

In view of this exercise of the option to transition to the new regime, the Group has recognised provision for current tax and deferred tax for the year ended

31st March 25 at the tax rate of 25.17%.

Notes to Consolidated Financial Statements as at and for the year ended 31st March, 2025

Note 38:

Note 38.1 : As per IndAS 115 – 'Revenue from Contracts with Customers', income is defined as a transaction which increases in economic benefits during the accounting period in the form of inflows or enhancements of assets or decreases of liabilities that result in an increase in equity, other than those relating to contributions from equity participants.

Note 38.2 : The interest income for the year ended 31st March 2025, has not been accrued for loan given to the subsidiary Minal Infojewels Limited since uncertainty exists for interest already accrued and pending realization till 31st March 2025 due to accumulated losses of the Subsidiary and have expressed its inability to pay interest till its financial condition improves. As explained to us, the management is in the process of identification of growth opportunities for the Subsidiary which will ultimately allow the holding Company to realise the aggregate interest and loan amount outstanding as at 31st March 2025

Note 38.3 : The Company wholly-owned overseas subsidiary, Minal International FZE on February 10, 2025 wound up its business and formal winding-up process has been initiated and its commercial license has expired on that date. Based on the audited financial statements of the subsidiary dated February 10, 2025, which reflect accumulated losses eroding the entire capital, the holding Company has written off the full amount of its investment of Rs. 18.38 lakhs and loan receivable (including interest) of Rs. 390.61 lakhs during the current financial year, total write off amounting to Rs. 408.99 lakhs. Further in the year ended March 31, 2024, the holding company had reassessed the recoverability of the loan given to and interest receivable and investment made in wholly owned overseas subsidiary and recognised an impairment provision of Rs. 408.99 lakhs which had been disclosed as an exceptional item and hence there is no impact on profit and loss account in the current financial year.

Note 38.4 : The Managing Director of the group, Shri Shrikant Parikh, has filed a petition before the National Company Law Tribunal (NCLT) under Section 59 of the Companies Act, 2013 against Mr. Mahendra Shah and Mr. Champaklal Mehta and Share transfer agent M/s MCS Share Transfer Agent Limited. The petition pertains to a dispute regarding ownership of equity shares of the holding Company. The matter is currently going on and no final order has been passed by the NCLT as of the reporting date. Based on the current status of the proceedings and legal advice received, the group does not expect any financial implication as on date.

Note 38.5 : One subsidiary namely Minal Infojewel Limited displays and receives orders from e-commerce business through EBay Singapore Services Private Limited and Etsy Ireland Unlimited Company as per understanding and instructions with M/s Selection INC (company's buyer). M/s Selection Inc. is responsible for making payments of all charges, commissions, platform fees, taxes, and any other costs incurred in connection with sales made on eBay. However, the outstanding balance remains subject to reconciliation and other adjustments if any.

40.2 Defined benefit plans:

(a) Gratuity (Unfunded):

"The Group provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount equivalent to 15 days' salary for each completed year of service. Vesting occurs upon completion of five continuous years of service in accordance with Indian law.

The Group is typically expose the Group to actuarial risks such as: interest rate risk, longevity risk and salary risk.

Interest

Risk:

A fall in the discount rate, which is linked to the G-Sec rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Longevity

risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability

Salary

risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such an increase in the salary of the plan participants will increase the plan's liability

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at 31st March, 2025 by Independent actuarial Agency. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The following tables summarise the components of net benefit expenses recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the respective plans:

Note 42: Financial risk management:

The group's activities expose it to a variety of financial risks: market risk, credit risk, liquidity risk and foreign exchange risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

(i) Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to Rs. 2402.54 lakhs and Rs. 1456.44 lakhs as of 31st March, 2025 and 31st March, 2024, respectively.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate.

The following table provides a break-up of the Group's fixed and floating rate borrowings:

(Rs. in lakhs)

Fixed rate borrowings	-	17.31
Floating rate borrowings	-	-
Total net borrowings	-	17.31
Add : Upfront fees	-	-
Total gross borrowings	-	17.31

(iii) Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

MINAL INDUSTRIES LIMITED**Notes to Consolidated Financial Statements for the year ended 31st March, 2025**

Note 47. The Group has profit of Rs. 421 lakhs during the year ended March 31, 2025 and loss of (Rs. 207.88 lakhs) during the year ended March 31, 2024. The net accumulated losses under retained earning of the Group being Rs. 600.00 lakhs as on year ended March 31, 2025. Management continues to strengthen its strategy to expand its market in order for the Group to increase its sales and eventually generate profit. In spite of these events or conditions which may cast a doubt on the ability of the Group to continue as a going concern, the management is of the opinion that going concern basis of accounting is appropriate in view of the continued financial support from its Promoters. Accordingly, the standalone financial statements of the Group have been prepared on a going concern basis.

Note 48. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits has received Presidential assent in September 2020. However, the effective date of the Code is yet to be notified and final rules for quantifying the financial impact are also yet to be issued. In view of this, the group will assess the impact of the Code when relevant provisions are notified and will record related impact, if any, in the period the Code becomes effective.
